602 Fortex Pro

Gentle routine cleaner with limescale remover

- Suitable for cleaning floors, walls, attachment parts, cleaning brushes and glass surfaces
- Dissolves tough limescale and rust deposits
- Reliably dissolves all common dirt in washing facilities
- Cares and protects thanks to the corrosion protection
- Highly suitable for use in wheel washing systems
- Highly economical thanks to the very strong product concentration
- Free from sulphuric acid, hydrochloric acid and hydrofluoric acid

Application

Please test on a small inconspicuous spot before first application. Work partially.

Product is suitable for pre-dilution
Apply either undiluted or prediluted to the application with a suitable dosing device. The shelf life of diluted solutions is reduced by the storage conditions and water quality.

Washing plant and washing bay cleaner:
as a foam or spray application (1:1-1:10).
Apply product and leave to react. Use a suitable cleaning pad in the case of stubborn stains. Leave to react and then rinse with lots of water and a little water pressure.

Intensive cleaner:
In automatic wheel washing systems as immersion or spray application.
Select the dosage according to the plant manufacturer's instructions and follow the rim manufacturer's instructions. Only use on resistant surfaces (e.g. undamaged, coated aluminium rims).

Note

Always keep containers closed and guide suction tubes through the closure. A change in colour and clouding may occur without any loss in quality due to the natural raw materials. Do not allow to dry. Rinse with plenty of water. No liability is accepted in case of incorrect and unprofessional use! Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

Ingredients (according to 648/2004/EC)

Nonionic surfactants 5–15%, inorganic acids, water-soluble solvents, corrosion protection, fragrances (Citrus Aurantium Peel Oil, Limonene).
pH value (concentrate): < 0.5
