605 Fortex Ultra

Gentle routine cleaner with powerful limescale remover

- Suitable for cleaning floors, walls, attachment parts, cleaning brushes and glass surfaces
- High foam potential for use in foam lances
- Dissolves particularly stubborn dirt and limescale deposits
- Reliably dissolves all common dirt in washing facilities
- Is gentle on both metal and other surfaces
- Particularly suitable for water with a high hardness level
- Highly economical thanks to the very strong product concentration
- Free from phosphoric acid, sulphuric acid, hydrochloric acid and hydrofluoric acid

Application

Please test on a small inconspicuous spot before first application. Work partially.

Product is suitable for pre-dilution
Apply either undiluted or prediluted to the application with a suitable dosing device. The shelf life of diluted solutions is reduced by the storage conditions and water quality.

Washing plant and washing bay cleaner:
as a foam or spray application (1:1-1:10).
Apply product and leave to react. Use a suitable cleaning pad in the case of stubborn stains. Leave to react and then rinse with lots of water and a little water pressure.

Note

Always keep containers closed and guide suction tubes through the closure. A change in colour and clouding may occur without any loss in quality due to the natural raw materials. Do not allow to dry. Rinse with plenty of water. No liability is accepted in case of incorrect and unprofessional use! Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

Ingredients (according to 648/2004/EC)

Amphoteric surfactants < 5%, organic acids, water-soluble solvents, additives.
pH value (concentrate): < 0.5
