

ARCANDIS-Shine

Neutral rinse aid

- ▲ Highly concentrated, neutral rinse aid for commercial dishwashers
- ▲ Fast, streak-free and mark-free drying
- ▲ Low-foaming, thus produces little foam even in large concentrations
- ▲ For spotless dishes with shine

Area of application

For all types of alkali-resistant items made of porcelain, glass, stainless steel and plastic.

Application

Please test on a small inconspicuous spot before first application.

Mechanical dish washing:

The dosage values lie between 0.2–0.5 g/L of water.

Dosage takes place using the machine's integrated dosage mechanism or with the programmable KIEHL dosage devices. In order to achieve the best possible drying result, the dosage is based on specific conditions (water hardness, level of soiling, type of machine). Consumption: no indication possible.

Consumption depends on the specific conditions and specifications.

Ensure an optimum cleaning result by combining with ARCANDIS-eco or ARCANDIS-classic.

Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

Ingredients (according to 648/2004/EC)

Nonionic surfactants 5–15%, solubilizers, food-dye, preservatives (Benz-, Methylisothiazolinone).

pH value (concentrate): approx. 7

pH value (ready-to-use solution): approx. 7

Art. No.	Packaging unit (PU)	Numbers of PU per pallet
j561610	10 L canister	60
j561621	20 L canister	36
j561672	200 L drum	2
